

Athar Husain

Senior Software Developer

Experienced Backend Developer with 6+ years of experience building scalable, high-performance applications using Node.js, Express.js, PHP, Laravel, and Lumen. Skilled in RESTful APIs, microservices, AWS (EC2, S3), and databases like MongoDB, MySQL, and Redis. Strong in API security (JWT, OAuth2), CI/CD pipelines, and end-to-end project execution in agile environments. Seeking opportunities to contribute to fast-paced, innovative product teams.
